

### REMARKS

The present application is a National Phase filing of International Patent Application No. PCT/GB 2003/004628, filed on October 28, 2003 with priority claimed from U.S. Provisional Patent Application No. 60/421,739 filed October 28, 2002.

The Specification and Abstract have been amended above to conform to practice before the USPTO. The claims have been amended above to eliminate multiple dependencies and to correct informalities. No new matter is added hereby.

The present application is believed to be in condition for allowance. An early and favorable action is earnestly solicited.
